

ADVENTURE VAN

Longs Peak

Mercedes Sprinter Chassis,
RVIA Certified, Off-the-Grid Capable

MAKE THE MOST OF Every moment

Purpose-built to take you just about anywhere you want to go, the Summit Adventure Van is the perfect vehicle for YOUR adventure. Upfitted with smart features everywhere you look, we have crafted a vehicle that is as functional as it is beautiful.

Comfortable

Durable

Functional

The Mercedes chassis delivers extra power and unrivaled quality, allowing you to make the most of every moment both on and off the road.

Features

Our class B RV is in a class of its own. Explore the features that set us apart from the rest.

DayDreamer Multi-function Bed

The bed is the heart of the van, but why can't it do more? Ours converts from SLEEP to EAT to WORK in seconds. The design is easy to lift, and takes up very little cargo space when stored. There is nothing else like it.

The "O.G." Off-Grid Power System

We designed a right-sized power package boasting 210 amp hours of Lithium Ion battery storage, 180 watts of rooftop solar, a 2000 watt inverter and outlets everywhere you need them. You can stay for days wherever the road or trail takes you.

Smart Floor System

With full length L-track insets, we allow you to configure your seating and accessories any way you want to. Seats, bikes, tie down points. The sky is the limit.

Not to mention all of the other things you expect (and then some) come standard:

- ✓ Upgraded Off Road wheels and Tires
- ✓ Side steps
- ✓ LED Site lights
- ✓ Roof rack system
- ✓ Rear bumper step
- ✓ Roof vent
- ✓ Vented side windows
- ✓ Bug screens and privacy screens
- ✓ Custom interior lighting kit
- ✓ On-board air compressor
- ✓ Powered awning
- ✓ Food and cookware storage
- ✓ Pivoting Driver and passenger seats
- ✓ Stand alone Blue tooth Audio system
- ✓ Fuel-fired coach heater with automatic altitude adjustment
- ✓ 4.6 cu ft Refrigerator, Microwave, induction cooktop and bar sink

Customize on the fly

Every inch of the interior has been designed to maximize usability, durability and flexibility.
